There appears to be another project (2639) for Gold King Mine Blowout. We have also added that to the Scribe.NET subscriptions for USEPA Region 6 and R08Weston.

Done.

Just a reminder nobody is easily checking Ert support email after hours so if there is an urgent issue text me or call after hours number.

Do we need a response combined subscription as well?

Any reason there are errors here?

Hey John,

I thought I fixed the issue, then just kept getting error reports. I'm going to try in the morning. Who knows, maybe I'll have a dream about how I'm suppose to fix it. But in the mean time I attached the scribe file and the file I was using to import the data.

Thanks,

Molly Patterson
